

Loch Clash

an opportunity **FOR YOU** to contribute to the redevelopment of the old harbour at Kinlochbervie

The Community is being given land at Loch Clash to build a centre which could incorporate a café, information centre, heritage centre and bunk house. This is a huge project for Kinlochbervie which could bring long term, permanent employment. Getting funding will be a real challenge and we need your help.

We would like to hear what you have to say about this valuable community asset.

- What should the building look like?
- What should the centre include in its facilities?
- Opening hours / months?
- Who do we want to attract ?
- How can we encourage people to spend money when they visit our new centre?

We want your ideas. This will be your facility, which should enhance what we already have.

What we are looking for is your ideas which could include a picture of how the area should look. We want to know how you see the centre being utilised by the community and visitors alike.

We have included a site map and initial plan. We need to know what you think.

This is for everybody, no age limit, no need for excellent graphic skills, don't be shy.

OPEN TO EVERYONE
